No. PCB 744 COC 2016-17/ 7095

Date: 18 MAR 2017

## OFFICE MEMORANDUM

Sub: Recommendations of Consent Committee – reg.

Ref: Proceedings of 98th Consent Committee Meeting held on 04.02.2017 – reg.

As per the proceedings of the consent committee meeting held on 04.02.2017, members of the Committee observed that the Large Red Category industries are outsourcing the treatment of effluents through CETPs. Whereas, the concept of CETP itself is to help small & medium industries who can't afford to build ETP considering the cost associated with it in terms of land and its machineries, it is not fair to allow Large industries to make use of the facilities of CETP. Hence, all the members insisted that the Board should insist for all Large Red category industries to go for in-house ETP for treating the effluents and this should go as a consent condition in all

the consents to be issued in future.

In view of above it is mandated that all Large Red Category industry shall have in-house ETP/ STP to treat the effluent/waste water and issue of consent to be considered if and only if the industry has installed functional inhouse ETP / STP.
